

PROJECT TITLE

“SLO 1 & 101 NATIVE TREES”

EA# 0L1100

Insert Location Map Below:

© 2004 MapQuest.com, Inc.; © 2004 Navigation Technologies

Project Location:

In San Luis Obispo County on Routes 1 from the north SLO City limits to South Morro Bay Overcrossing and on Route 101 from the SB/SLO County Line to Old US 101 (at the south end of Cuesta Grade) at various locations.

Co/Rte/KP/PM: SLO-1 KP 28.5/46.4
SLO-1 PM 17.7/28.8
SLO-101 KP 0.8/52.8
SLO-101 PM 0.5/32.8

Project Description:

Plant native trees including Oak, Sycamore, California Walnut, and shrubs including Toyon, Coffeeberry, Redbud, Bay and Ceanothus.

Project Scope:

Tree plantings are outside of currently warranted landscape areas. About 4,000 seedlings will be planted.

Existing Funding:

None

Future Funding Need:

None

Total Estimated Cost: \$675,000 all phases

Project Schedule: Start PA&ED 2004/05 FY,
RTL July 2005.

PROJECT INFORMATION

Purpose & Need for the Project:

Native tree and shrub planting will enhance the driving experience for the traveling public. The project will include mulch and will help to stabilize the soil. After a three-year plant establishment period, the trees will subsist on local rainfall. This is a scenic beautification project.
